R33 RENEWAL SPECIFIC AIMS

Aim 1:
Expand the reach of the infrastructure, through use of the Cores, to facilitate the design and rigor of CARG's aging and cancer research.

Aim 2:
Facilitate high-priority, impactful research at the interface of aging and cancer through pilot awards and the conduct of large, competitive multi-site studies.

Aim 3:
Identify, cultivate, and mentor CARG investigators for leadership in aging and cancer research to develop the next generation of leaders in the field.

Aim 4:
Build greater capacity for engagement with older patients with cancer and caregivers through CARG's patient advocacy group (SCOREboard) to further grow patient-centered aging and cancer research.

Aim 5:
Develop and disseminate geriatric oncology-specific content including best clinical practices, research findings, and opportunities for collaboration and advocacy through a communication strategy using multiple platforms and channels.
